

# REGISTERING WITH USA BOXING

Before you consider registering you should have completed a semester of training in the non-contact club. This is to ensure that your basic technique and conditioning are adequate to advance into contract drills and sparring.

Being registered as an athlete with USA Boxing (USAB) is required to engage in contact drills or sparring on UNC property. Registered athletes are provided secondary health/dental insurance in case of injury. See [ncbaboxing.org](http://ncbaboxing.org) or the USA Boxing websites for details of the coverage. This coverage is only active if the athlete is training or competing under USA Boxing rules and guidelines.

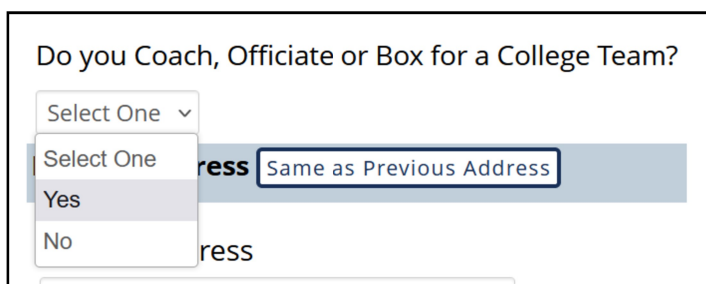

Beginning June, 2016, a **Sports Physical** (“medical certificate”) signed by a *physician, DO, or Physicians Assistant* is required for your registration to be complete. The physicals are valid for 12 months. Physical forms can be found on the Carolina Boxing website. The physicals can be completed at Student Health.

The fees for USA Boxing registration (passbook) are subject to change, but at this time, they are \$80. The USA Boxing registration fee is separate from your UNC Boxing membership dues. The USAB fee is paid online at [webpoint.usaboxing.org](http://webpoint.usaboxing.org). *All registrations expire December 31st of the year applied for.* However, you can register for the following year on November 1<sup>st</sup>. For example, if you register 11/1/2023, your membership will last from 11/1/23 date until 12/31/24.

To begin the process, go to [webpoint.usaboxing.org](http://webpoint.usaboxing.org) and chose the Join USA Boxing option. You will enter your name, address, and other information. Very important:

In the first section of the registration you will see a drop down menu with the question: **“Do you Coach, Officiate, or Box in college?”** Select **“Yes”**.

Select **“NCBA Collegiate”** from the drop down menu that will appear right below it.

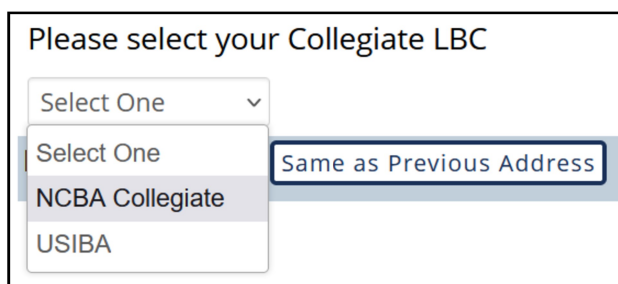

Do you Coach, Officiate or Box for a College Team?

NCBA Collegiate

USIBA

On the next page, select **“UNC Boxing Club”** from the list and follow the instructions.

If you *don't* see the **UNC Boxing Club** option, you may have missed the college drop down question. If you are registering from a cell phone, location based services may incorrectly place you in the NC LBC.

**Upload your photo and an image/scan of your USA Boxing Physical “fit to box” page (the last page) to your USAB profile.**

Bring a physical or digital copy of the registration confirmation and physical to your first contact practice so that it can be logged by coaching staff. The coaching staff will handle obtaining passbooks from the regional registration chair.

The USAB registrations and sports physicals must be current to participate in contact practices.

If you have questions about any part of the process, contact the UNC coaching staff, [joshsoak@gmail.com](mailto:joshsoak@gmail.com).

If you make a mistake during the online registration process, you can contact USA Boxing member services directly at (719) 866-2323 for help.

### **Check List for Registration:**

- USAB Sports Physical (signed by MD, PA, or DO)
- Complete USAB Online Registration and Payment
  - Make sure you are in the NCBA LBC, *not* the North Carolina LBC
- Upload your photo *and* “fit to box” page of physical to USAB profile
- Bring or email copy of physical to coaching staff

**If you are *not* a UNC student**, you will need to register with the NC LBC. The process is the same, except you will not select “yes” to the do you box in college question, and you’ll send your photos and other documents to the NC registration chair. UNC Boxing coaches will still need a copy of the physical and registration confirmation.
